

**International Virtual Cancer Meeting  
21-23 Jan. 2021**

<b>First Day (21 Jan.2021)</b>		
<b>Panel I: Immunotherapy in Cancer</b>		
Professor Hassan Abolghasemi (Head of Baqiyatallah University of Medical Sciences)	Immunotherapy in Pediatric cancer	<b>10:00-10:30</b>
Dr. Amir Abbas Hedayati Asl (Royan Institute, Iran)	Immunotherapy in Solid tumors	<b>10:30-11:00</b>
Dr. Safa Najafi (Motamed Cancer Institute, Iran)	Immunotherapy in Hodgkin Disease	<b>11:00-11:30</b>
Dr. Abbas Yadegar (Research Institute for Gastroenterology and Liver, Iran)	Modulatory Effects of Gut Microbiome in Cancer Immunotherapy	<b>11:30-12:00</b>
Mohammad Hossein Razavi Charity Institute	Panel Discussion	<b>12:00-13:00</b>
<b>Panel Discussion</b>		<b>13:00-13:30</b>

<b>Panel II: Covid-19 Pandemic and Cancer</b>		
Dr. Mohammad Faranoosh (Iran University of Medical Sciences)	Covid-19 in Cancer Patients	<b>14:00-14:30</b>
Dr. Hodjattallah Rabbani (Avicenna Institute, Iran)	Covid-19 Pandemic and Cancer	<b>14:30-15:00</b>
Dr. Tahereh Rostami (Shariati Hospital, Iran)	Bone marrow transplant in Covid-19 Patients	<b>15:00-15:30</b>
Dr. Mohammad Rashidian (Dana-Farber Cancer Institute, USA)	New Vaccine for Covid-19; Good news for cancer patients?	<b>15:30-16:00</b>
<b>Panel Discussion</b>		<b>16:00-16:30</b>

**Second Day (22 Jan.2021)****NK Cell Therapy; From Bench to Bedside**

Dr. Amir Ali Hamidieh (Secretary of Development of Stem cell Sciences and Technologies Council)	Panel I: NK Cell therapy in Wilms Tumor	<b>10:00-11:00</b>
Professor Ardeshir Ghavamzadeh (Iranian Society for Hematopoietic Stem Cell Transplantation) Dr. Keivan Madjidzadeh (Motamed Cancer Institute, Iran) Dr. Ramin Sarrami Forooshani (Motamed Cancer Institute, Iran) Dr. Maryam Barkhordar (Tehran University of Medical science) Dr. Seyed Hamidreza Aghayan (Tehran University of Medical science)	Panel II: NK Cell therapy in Breast cancer patients	<b>11:00-12:00</b>
Dr. Zohreh Habibi (Children's Hospital Medical Center, Iran) Dr. Marzieh Ebrahimi (Royan Institute, Iran)	Panel III: NK therapy for Glioblastoma	<b>12:00-13:00</b>
Mohammad Hossein Razavi Charity Institute	Panel Discussion	<b>13:00-14:00</b>
<b>Panel Discussion</b>		<b>14:00-14:30</b>

**Third Day (23 Jan.2021)****Panel I: Novel Diagnostics for cancer detection**

Dr. Mehdi Totonchi (Royan Institute, Iran)	Liquid biopsy in early detection of cancer	10:00-10:30
Dr. Seyed Rouhollah Miri (Imam Khomeini Hospital, Iran)	New finding in Colon Cancer Diagnosis and Treatment	10:30-11:00
Dr. Majid Ebrahimi Warkiani (University of Technology Sydney , Australia)	Micro engineered systems for cancer research	11:00-11:30
Dr. Morteza Zarrabi (Royan Stem Cell Technology Co, & Cord Blood Bank)	در حال هماهنگی	11:30-12:00
<b>Panel Discussion</b>		<b>12:00-12:30</b>

**Panel II: what is new in Cancer Stem cells**

Dr. Ali Roghanian (University of Southampton, UK)	Advances in engineering humanized mouse models of cancer	14:00-14:30
Dr. Amirreza Aref (Dana-Farber Cancer Institute, USA)	Personalized Immunotherapy and future of this battle	14:30-15:00
Dr. Chantal Mattar (University of Ottawa, Canada)	Overview on Probiotics and Prebiotics in chemoprevention of breast cancer	15:00-15:30
Dr. Fariba Asrari (Johns Hopkins Medicine)	در حال هماهنگی	15:30-16:00
<b>Panel Discussion</b>		<b>16:00-16:30</b>
